

LUNCH WITH THE CODER: CPT UPDATES 2021

Wednesday, Dec. 9, 2020

12-1pm webinar

New CPT code updates are going into effect in the new year! Reviewing code changes in preparation of the effective date can help avoid claim denials and prevent revenue cycle interruptions. Get ready for these changes by attending this informative webinar. Here's what to expect:

- Attendees will be provided all procedural coding updates.
- Medical coders will get a bit of a reprieve next year when it comes to learning new procedure codes since the CPT Editorial Panel approved fewer new codes for 2021 than usual.
- Evaluation and management (E&M) guideline changes going into effect Jan. 1, 2021 will also be discussed.
- Q&A available

Who should attend: Physicians, coders, billers, practice directors and office managers

Register now! Go to www.ThePhysicianAlliance.org, click on Learning Institute, click on Events. Webinar access information will be emailed after registration.

Presenter: Mary Mallory, CEMC, ambulatory coding education specialist, The Physician Alliance

Questions: Send email to thephysicianalliance@thephysicianalliance.org.

*Complimentary webinar for The Physician Alliance members.
