

BCBSM PDCM TO MDC Column Crosswalk
 Derived from the BCBSM PDCM Data Dictionary received by MDC on February 9, 2017

PDCM File Field Order	Category of data	Source	Column Header	LOCATI ON, COMMERICAL FILES	LOCATI ON, MA Files	Variable type	Description	Values	Specific only to Commercial.
1	n/a	BCBSM Pass-Through	Run_DT	A	A	date(10)	Date on which BCBSM produced the patient list.		
2	Physician Info	BCBSM Pass-Through	PO_ID	B	B	varchar(50)	ID of PGIP Provider Organization (PO).		
3	Physician Info	BCBSM Pass-Through	PO_Name	C	C	varchar(255)	Name of PGIP PO.		
4	Physician Info	BCBSM Pass-Through	PracticeUnitID	D	D	varchar(255)	ID of Practice Unit (PU).		
5	Physician Info	BCBSM Pass-Through	PracticeUnitName	E	E	varchar(255)	Name of PU.		
6	Physician Info	BCBSM Pass-Through	Rectag	F	F	varchar(10)	Record tag of attributed primary care physician (PCP).		
7	Physician Info	BCBSM Pass-Through	BCBSM_License	G	G	varchar(10)	BCBSM license number of attributed PCP.		
8	Physician Info	BCBSM Pass-Through	PhysNPI	H	H	varchar(10)	NPI of attributed PCP.		
9	Physician Info	BCBSM Pass-Through	PhysLastName	I	I	varchar(50)	Last name of attributed PCP.		
10	Physician Info	BCBSM Pass-Through	PhysFirstName	J	J	varchar(50)	First name of attributed PCP.		
11	Member Info	BCBSM Pass-Through	OriginalMember_ID	K	K	bigint	Unique ID of the patient from original CPDM.		
12	Demographic	BCBSM Pass-Through	NewMember_IND	L	L	int	Is patient new since prior month's list?	1 = yes, patient is new and was not included in previous month's list 0 = no, patient was included in previous month's list	
13	Demographic	BCBSM Pass-Through	DeidentifiedContract_NUM	M	M	varchar(9)	Subscriber's de-identified contract number, as printed on insurance card.		

BCBSM PDCM TO MDC Column Crosswalk
 Derived from the BCBSM PDCM Data Dictionary received by MDC on February 9, 2017

PDCM File Field Order	Category of data	Source	Column Header	LOCATI ON, COMME RCIAL FILES	LOCATI ON, MA Files	Variable type	Description	Values	Specific only to Commercial.
14	Demographic	BCBSM Pass-Through	Contract_NUM	N	N/A	varchar(9)	Contract number of subscriber.		X
15	Demographic	BCBSM Pass-Through	Gender_CD	O	N	varchar(1)	Gender of patient.	F = Female M = Male	
16	Demographic	BCBSM Pass-Through	PatFirstName	P	O	varchar(100)	The first name of patient.		
17	Demographic	BCBSM Pass-Through	PatLastName	Q	P	varchar(100)	The last name of patient.		
18	Demographic	BCBSM Pass-Through	PatBirthdate	R	Q	date(10)	The birth date of the patient.		
19	Demographic	BCBSM Pass-Through	PatAge	S	R	int	The patient's age as of Run_DT .		
20	Demographic	BCBSM Pass-Through	SubFirstName	T	S	varchar(100)	The first name of subscriber.		
21	Demographic	BCBSM Pass-Through	SubLastName	U	T	varchar(100)	The last name of subscriber.		
22	Demographic	BCBSM Pass-Through	PatRelationship	V	U	varchar(200)	The patient's relationship to subscriber.		
23	Demographic	BCBSM Pass-Through	HighDeductiblePlan_IND	W	N/A	int	Is patient in a high-deductible health plan (HDHP)?	0 = No 1 = Yes	X
24	Risk	BCBSM Pass-Through	ProspectiveRiskScore	X	V	float	Prospective monthly risk score (uses patient age, gender, and weighted ERG assignments in base year to project expected costs for future year.		
25	Risk	BCBSM Pass-Through	Cat25k_IND	Y	W	int	Has patient reached \$25,000 or more in total costs during the prior 12 months?	0 = No 1 = Yes	
26	Risk	BCBSM Pass-Through	Cat50k_IND	Z	X	int	Has patient reached \$50,000 or more in total costs during the prior 12 months?	0 = No 1 = Yes

PDCM File Field Order	Category of data	Source	Column Header	LOCATI ON, COMMERICAL FILES	LOCATI ON, MA Files	Variable type	Description	Values	Specific only to Commercial.
45	Service Utilization	BCBSM Pass-Through	ED_Migraine12Mon	AS	AN	int	The number of patient's ED visits with discharge diagnosis of chronic migraine occurring within the prior 12 months.		
46	Service Utilization	BCBSM Pass-Through	CancerTx_IND	AT	AO	int	Does patient have evidence of treatment for cancer within the prior 12 months?	0 = No 1 = Yes	
47	Service Utilization	BCBSM Pass-Through	CancerSeq_IND	AU	AP	int	Does patient have evidence of adverse cancer sequelae events within the prior 12 months?	0 = No 1 = Yes	
48	Service Utilization	BCBSM Pass-Through	CancerMeta_IND	AV	AQ	int	Has patient been diagnosed with metastatic cancer?	0 = No 1 = Yes	
49	Service Utilization	BCBSM Pass-Through	Dialysis_IND	AW	AR	int	Has patient received dialysis within the prior 12 months?	0 = No 1 = Yes	
50	Service Utilization	BCBSM Pass-Through	Pharm6Months_NUM	AX	AS	int	The number of unique medications that a patient has filled within the prior 6 months.		
51	Service Utilization	BCBSM Pass-Through	PharmSpecialtyHC_IND	AY	AT	int	Does patient have evidence of pharmacy claims for specialty medications used for Hepatitis C (HC)?	0 = No 1 = Yes	
52	Disease and Case Mgmt Info	BCBSM Pass-Through	CM_IND	AZ	AU	int	Has patient been referred to BCBSM for Case Management services?	0 = No 1 = Yes	
53	Disease and Case Mgmt Info	BCBSM Pass-Through	CM_Referral_DT	BA	AV	date(10)	The date on which the patient was referred to BCBSM for Case Management outreach.		

BCBSM PDCM TO MDC Column Crosswalk
 Derived from the BCBSM PDCM Data Dictionary received by MDC on February 9, 2017

PDCM File Field Order	Category of data	Source	Column Header	LOCATI ON, COME RCIAL FILES	LOCATI ON, MA Files	Variable type	Description	Values	Specific only to Commercial.
54	Disease and Case Mgmt Info	BCBSM Pass-Through	CM_Status	BB	AW	varchar(100)	The status of patient's referral for BCBSM Case Management.	new = case has been referred to BCBSM active = eligibility/appropriateness confirmed and case assigned to nurse open = member engaged closed = member not reached or engaged or case closed	
55	Disease and Case Mgmt Info	BCBSM Pass-Through	DM_IND	BC	AX	int	Has patient been referred to BCBSM for Disease Management services?	0 = No 1 = Yes	
56	Disease and Case Mgmt Info	BCBSM Pass-Through	DM_Referral_DT	BD	AY	date(10)	A date on which the patient was referred to BCBSM for Disease Management outreach.		
57	Disease and Case Mgmt Info	BCBSM Pass-Through	DM_Status	BE	AZ	varchar(100)	A status of patient's referral for BCBSM Disease Management.	new = case has been referred to BCBSM active = eligibility/appropriateness confirmed and case assigned to nurse open = member engaged closed = member not reached or engaged or case closed	
58	Demographic	BCBSM Pass-Through	Group_NUM	BF	BA	varchar(12)	The subscriber's BCBSM group number, as printed on insurance card.		

BCBSM PDCM TO MDC Column Crosswalk
 Derived from the BCBSM PDCM Data Dictionary received by MDC on February 9, 2017

PDCM File Field Order	Category of data	Source	Column Header	LOCATI ON, COMMERICAL FILES	LOCATI ON, MA Files	Variable type	Description	Values	Specific only to Commercial.
59	Disease and Case Mgmt Info	BCBSM Pass-Through	CM_DM_Manager	BG	BB	varchar(50)	The username of the Case or Disease Management care manager.	The IVR vendor is Eliza vendor who is doing BCBSM's DM outreach. These cases are not yet handled by our nurses. The PDCM1 cases are old PCM cases. Please call 1-800-775-2583 should you need to contact the Care or Disease Manager.	
60	Service Utilization	BCBSM Pass-Through	PharmSpecialtyMS	BH	BC	int	Does patient have evidence of pharmacy claims for specialty medications used for multiple sclerosis (MS)?	0 = No 1 = Yes	
61	Service Utilization	BCBSM Pass-Through	PharmSpecialtyRA	BI	BD	int	Does patient have evidence of pharmacy claims for specialty medications used for rheumatoid arthritis (RA)?	0 = No 1 = Yes	
62	Physician Info	BCBSM Pass-Through	PCMH_IND	BJ	N/A	int	Is patient's attributed PCP designated as a Patient Centered Medical Home (PCMH)?	0 = No 1 = Yes	X
63	Member Info	BCBSM Pass-Through	PerMember_ID	BK	BE	bigint	Unique ID of the patient from CPDM_II.		
64	Member Info	BCBSM Pass-Through	AlphaPrefix	BL	BF	varchar(3)	Subscriber's alpha-prefix, as printed on insurance card.		
65	Member Info	BCBSM Pass-Through	AddressLine_1	BM	BG	varchar(100)	Patient's first address line		
66	Member Info	BCBSM Pass-Through	AddressLine_2	BN	BH	varchar(100)	Patient's second address line
